As a local children's book author, I am excited to bring a unique perspective to the Waukegan, IL Chamber of Commerce. I hope to create a network where we can support and guide each other to excel.

After a successful career in the pharmaceutical industry for over 30 years at companies like Abbott, Hospira, and Pfizer, I retired to enter a new phase of life. My experience in sales, marketing, and communications set me up well to further my writing skills, and I am now the author of a three-book series about talking trees. These books are more than just stories; they are character-building and teach life lessons on topics such as self-confidence, friendship, sharing, forgiveness, and true transformation.

Outside of my professional life, I enjoy spending quality time with my husband, two lovely daughters, two granddaughters, and other family and friends. We are truly blessed.

Finally, while I reside in Lake Villa, I am a second-generation Puerto Rican born and raised in Waukegan with seven other siblings. I hold a Bachelor of Arts (BA) in Business Administration, with an emphasis in Psychology. I am a woman of faith, a devoted wife, mother, and grandmother. I am eager to contribute to the Chamber of Commerce and continue serving my hometown community to help the kids *read well*.
